Re: Adoption of the 2024-25 Fiscal Year Adopted Budget for the Coast Community College District

BACKGROUND

The enclosed Fiscal Year (FY) 2024-25 Adopted Budget is presented to the Board of Trustees for adoption. The California Code of Regulations Title 5, Section 58305 (5 CCR § 58305) requires the Board of Trustees of a Community College District to adopt an Adopted Budget on or before the fifteenth day of September in each year and forward an information copy to the appropriate county officer.

The following provides a narrative summary of the 2024-25 FY Adopted Budget including an overview of the Fiscal Stability Plan, 2022-23 recalculation, 2023-24 budget, and a discussion of the 2024-25 FY Adopted Budget, along with other associated budgetary developments.

The Coast District Adopted Budget development is informed externally by the Governor’s January Budget Proposal and the revised First Principal Apportionment Report, and internally by the District’s mission, vision, values, strategic fiscal plan, fiscal stabilization plan, operational needs, and contractual obligations.

FISCAL STABILITY PLAN

In 2023-24, the District developed a Fiscal Stability Plan (FSP) with the goal to reduce ongoing deficit spending by aligning ongoing expenditures with ongoing revenues, thereby ensuring the District would meet minimum reserve requirements and maintain a healthy fiscal condition. The FSP is a multi-year plan with a phased incremental implementation. Each college and the District Office are tasked with identifying opportunities to increase revenues and decrease expenditures, with a focus on affecting ongoing revenues and ongoing expenditures, while improving budget development practices.

FSP Phase I: 2023-24

The FSP Phase I was released in March 2024 and resulted in a net increase to 2023-24 unrestricted general fund reserves of \$5.69 million. Of that improvement, \$4.56 million is ongoing. The decreases in expenditures were largely comprised of recognition of salary savings and the elimination of positions related to the hiring freeze. These actions significantly reduced the variance that had historically existed between budget and actual salaries and benefits costs.

FSP Phase II: 2024-25

For the 2024-25 Adopted Budget, the FSP Phase II reflects new revenues and new reductions beyond what was included in the 2023-24 Adopted Budget and the FSP Phase I. These changes are highlighted in the FSP Phase II report and are embedded in the 2024-25 Adopted Budget.

2023-24 FY BUDGET

State Budget Summary 2023-24 FY

The Enacted State Budget for 2023-24 FY was signed into law by Governor Newsom on July 10, 2023. The State Budget bill package included Senate Bill (SB) 101 (Statutes 2023/Chapter 12), Assembly Bill (AB) 102 (Statutes 2023/Chapter 38), and SB 117 (Statutes 2023/Chapter 50).

The Enacted State Budget reflected the economic realities of shrinking revenues and budget deficits. Throughout the State Budget development, from the January Proposal, the May Revision, and through to the Enacted Budget, the decline in revenues deepened, as reflected in increasing cuts to existing programs and decreasing revenues for new programs. While State revenues were projected to decline, the actual amount of the decline remained unknown due to the delay in the 2022 tax filing deadline to November 2023 (as a result of a State of Emergency declaration for California wildfires), delaying the impact of the greater than anticipated decline to the 2024-25 State Budget. The 2023-24 Enacted Budget projected a budget deficit of \$31.5 billion and contained solutions including funding shifts, borrowing, delays, pullbacks, and reductions.

The below table highlights critical components of the January Proposal, May Revision, and Enacted Budget:

2023-24 January Proposal, May Revise, and Enacted Budget Critical Components Chart

Description	January Proposal	May Revise	Enacted Budget
Funded COLA (SCFF and Selected Categorical Programs)	8.13%	8.22%	8.22%
Funded Growth	0.5%	0.5%	0.5%
One-time Retention and Enrollment Program Reduction to Prior-year Program	\$200M --	\$100M --	\$50M (\$55.4M)
Scheduled Maintenance//Instructional Equipment Reduction (2022-23 funding of \$840 million)	(\$213M)	(\$452.2)	(\$500.0)
COVID-19 Recovery Block Grant Reduction (2022-23 funding of \$650 million)	--	(\$344.7)	--
GWC Fine Arts Project Included in State Bond-funded Projects	No	Yes (Construction must wait for the passage of a new state bond)	Yes (Construction must wait for the passage of a new state bond)
Projected State Deficit	\$22.5B	\$31.5B	\$31.5B
Proposition 98 Guarantee	\$109B	\$107B	\$108.3B \$98.5*

**The 2023-24 Proposition 98 Guarantee was suspended with the 2024-25 Enacted Budget. Please see the 2024-25 Enacted Budget: Proposition 98 section for more information.*

Flexibility was provided for the use of some funds in recognition of the reduction in the Scheduled Maintenance/Instructional Equipment program. Districts were allowed to use remaining one-time funds in the Retention and Enrollment program, COVID-19 Recovery Block Grant, and Scheduled Maintenance/Instructional Equipment program for any purpose of the three programs.

Additional Revenue Declines Following Enactment of the State Budget

Based on the delayed filing of 2022 taxes in November 2023, state revenues were far lower than projected in the Enacted Budget, increasing the projected 2023-24 budget deficit. Solutions to address the loss of revenues for 2022-23 FY and 2023-24 FY are contained in the Governor’s January Proposal for the 2024-25 Budget and revised in the 2024-25 May Revise. A discussion of the loss of revenue and the impact on the 2024-25 State Budget is included in the 2024-25 FY Budget section of this document.

Changes to the District Adopted Budget 2023-24 FY

The Board of Trustees adopted the District’s Adopted 2023-24 FY Budget in September 2023. Major changes from the 2023-24 Adopted Budget to the Unaudited Actuals as of August 6, 2024, are noted below:

TOTAL UNRESTRICTED GENERAL FUND	2023-2024 Adopted	2023-2024 Unaudited (as of 6/19/24 P2)
Beginning Balance (District & Colleges)	\$ 59,337,450	\$ 59,337,450
Prior Year Fund Balance Adjustment	-	-
Adjusted Beginning Balance	\$ 59,337,450	\$ 59,337,450
Total Revenue	\$ 270,515,290	\$ 286,237,835
Revenue & Beginning Balance	\$ 329,852,740	\$ 345,575,285
Total Expected Level of Spending	\$ 274,516,367	\$ 277,449,080
Estimated Ending Fund Balance	\$ 55,336,373	\$ 68,126,205
Estimated Ending Fund Balance %	20.16%	24.55%

The first phase of the FSP, released in March 2024, resulted in a net increase to 2023-24 reserves of \$5.69 million through an increase in revenues of \$1.26 million and a decrease in expenditures of \$4.43 million, and the elimination of the projected deficit spending of \$3.88 million.

In addition to the FSP, other significant year-end changes were identified. Increases in revenues include \$408 thousand from an increase in non-resident tuition rates, \$4.6 million increased interest earned from higher than anticipated restricted programs cash balances, \$1 million increased lottery funds, \$2.4 million increased college dedicated revenue, and a technical adjustment of \$7.2 million for the STRS On-behalf payment that is offset by an equal adjustment in expenditures. Increases in expenditures include a \$2.0 million transfer to the District Office for an unanticipated HVAC replacement project.

Final Recalculation 2022-23 FY and Second Principal (P-2) Apportionment 2023-24 FY

Each year the California Community College Chancellor’s Office (CCCCO) issues a Final Recalculation for the prior fiscal year. This typically occurs in February of the subsequent year, reflecting financial data from the Annual Financial and Budget Report (CCFS-311 Annual) and reporting from district-level external audits. At the same time, the CCCCCO issues the P-2 Apportionment Report for the current fiscal year, reflecting P-2 enrollment data and other partial-year data.

The 2022-23 P2 Apportionment report, issued on June 28, 2023, contained a 10.827% revenue deficit related to shortfalls in revenues. This would have reduced the District’s SCFF funding by over \$24 million. The 2023-24 State Enacted Budget reallocated other state revenues to address nearly all these shortfalls leaving a 1.0% revenue deficit, worth \$2.23 million, for 2022-23. Upon the release of the 2022-23 FY final recalculation on March 21, 2024, the revenue deficit has been eliminated.

The 2023-24 P2 Apportionment report, issued on February 21, 2024, contains a 3.5512% revenue deficit, again related to revenue shortfalls. This would reduce the District's SCFF funding by over \$7.4 million compared to what was reflected in the District's 2023-24 Adopted Budget. The State Chancellor's Office has advised that reallocations of other state resources are contained in the 2024-25 State Enacted Budget that would resolve this revenue deficit. Based on this advice, there is no change to the District's 2023-24 Adopted Budget standard assumption of a 0.5% revenue deficit.

ENROLLMENT METRICS 2023-24 FY AND BEYOND

As measured in the Spring 2024, P-2 Enrollment report, resident enrollments were 25,321 FTES. The District experienced an enrollment decline of more than 28% over the course of the five-year period from 2017-18 through 2021-22. The District reversed that trend beginning in 2022-23 with 3.17% enrollment growth. In 2023-24 the District experienced enrollment growth of 4.64%. However, due to the combination of the Emergency Conditions Allowance, which allowed the District to be funded on pre-pandemic FTES, and the usage of a rolling three-year average FTES to calculate FTES, the District's SCFF revenue is based on the Stability Adjustment Guarantee in 2023-24; however enrollment growth did not result in higher revenues in 2023-24.

With the significant enrollment growth experienced in 2022-23 and 2023-24, the growth trend is expected to flatten slightly in future years. Enrollment targets are based on the projected growth of 1.0% in each of 2024-25 and 2025-26, and 0.5% in each year thereafter. With these projections, it is projected that the District's SCCF revenue will be based on the Hold Harmless Guarantee in 2024-25, the Funding Floor Guarantee in 2025-26, and will revert to being based on its actual FTES enrollment in 2026-27.

2024-25 FY BUDGET

The 2024-25 Governor's January Budget Proposal, May Revision, and Enacted State Budget

- 2024-25 January Proposal

The Governor's January Budget Proposal for 2024-25 FY represents the first opportunity for the Governor to share his vision for 2024-25 FY. It is based on known and projected fiscal data and the administration's policy priorities.

The January Proposal reflected the impact of continued sharp declines in state revenues resulting in very limited resources to support little more than ongoing baseline increases such as COLA and growth funding. Including the unanticipated 25% decline in 2022-23 income tax collections, and the impact of the decreased State revenues in 2023-24, and 2024-25, the January Proposal reflected a \$38 billion budget deficit. Similar to the prior year, the January Proposal includes funding shifts, borrowing, delays, pullbacks, reductions, and spending of reserves. Notably, this includes spending down \$5.7 billion, or 60%, of the K-14 Rainy Day Reserve to meet 2023-24 and 2024-25 needs. Also included was a shift of \$14 billion of Proposition 98 obligations to future years. The Legislative Analyst's Office disagreed with the viability of this Proposition 98 shift and believed that actual revenues would come in about \$15 billion below the Governor's revenue projections, resulting in a much greater budget deficit of \$68 billion.

Significant components of the January Proposal are:

- 0.76% COLA for SCFF and selected categorical programs.
 - 0.5% funded growth
 - \$60 million in one-time funds to expand nursing programs and Bachelor of Science in Nursing Partnerships.
- 2024-25 May Revision

The May Revision presents the last statutory opportunity for the Governor to shape his economic proposal before legislative budget committees complete their work and move into the Conference Committee. It also presents an opportunity to reflect on the actual COLA and any necessary revisions to projected state revenues and budget deficits. The following reflects key initiatives emerging in the May Revision.

Before the release of the May Revision, the Legislature passed an Early Action Plan in April 2024 to enact solutions totaling \$17.3 billion. These solutions continue the pattern of funding shifts, delays, deferrals, and reductions, as well as some increased revenues and borrowing. The Early Action Plan also authorizes the Administration to sweep one-time funding from prior years.

The May Revision reflects the continued decline in State revenues following the release of the Governor's January Proposal for the 2024-25 Budget. The Governor continued the focus on supporting only baseline adjustments for core programs and added an effort to sweep funds that have already been appropriated, but that are deemed to not be a core program and/or may be in excess of perceived need. Even so, the projected state deficit has grown from the \$38 billion projected with the Governor's January budget proposal to \$45 billion projected with the May Revision. The May Revision included similar strategies as proposed in January to address the state deficit including funding shifts, delays, reductions, and spending down reserves. Most notably, the May Revision projected the complete depletion of the \$9.5 billion in the K-14 Rainy Day Fund to meet 2023-24 and 2024-25 needs. This would have left no resources from that fund to meet the projected 2025-26 state deficit of \$28.4 billion.

The May Revision also contained an across-the-board reduction to all state agencies of 7.95% from what was proposed in January. The Administration further cautioned that continued deterioration of economic conditions including persistent inflation and high interest rates could have a negative impact on the budget.

The LAO continues to disagree with the revenue projections and the Proposition 98 obligation shift to future years, with an alternate projection of a \$78 billion state deficit.

- 2024-25 Enacted State Budget

The 2024-25 Enacted State Budget continued to project a \$45 billion deficit and, with a new two-year budget approach, also projected a 2025-26 deficit of \$30 billion. The Early Action Plan in April 2024 provided \$17 billion in solutions. The Enacted State Budget addresses the remaining \$28 billion in 2024-25 through solutions largely as proposed in the May Revision with some changes including a plan to begin to restore the Rainy Day Fund beginning with a deposit of \$1.1 billion after 2024-25. The Enacted Budget adopts the proposed 7.95% across-the-board reductions to all state agencies.

While the Enacted Budget also defers cash payments of the SCFF; \$446.4 million is deferred from 2023-24 to 2024-25 and \$243.7 million is deferred from 2024-25 to 2025-26, the State Chancellor’s Office doesn’t anticipate net cash impact to districts from these deferrals. The District has sufficient cash balances to manage any impact that would occur from these deferrals.

Funding for community colleges relies on reserves and operational savings to provide support to “core” programs or services without significant reductions. However, one-time funding for some programs was eliminated and \$65 million in one-time funding for Nursing and \$5 million in one-time funding for Pathways for the Low-Income Workers Demonstration Project were carved out from the amount provided for Strong Workforce. In addition, the Enacted Budget reappropriates approximately \$18.8 million in unspent 2020 Strong Workforce funds and \$21.3 million in unused 2022 Student Success and Completion Grant Funds.

Below is a chart comparing the 2024-25 January Proposal, the May Revision, and the Enacted Budget:

2024-25 January Proposal, May Revise, and Enacted Budget Critical Components/Changes

Description	January Proposal	May Revise	Enacted Budget
Funded COLA (SCFF and Selected Categorical Programs)	0.76%	1.07%	1.07%
Funded Growth	0.5%	0.5%	0.5%
Expanded Nursing (one-time funding carved from Strong Workforce per Enacted Budget)	\$60M	\$60M	\$60M
Expand e-Transcript California (one-time funding)	--	\$12M	\$12M
Common Cloud Data Platform Demonstration Program (one-time funding)	--	\$12M	--
Mapping Pathways for Credit for Prior Learning (one-time funding)	--	\$6M	\$6M
Pathways for Low-income Workers Demonstration Project (one-time funding carved from Strong Workforce per Enacted Budget)	--	\$5M	\$5M
Strong Workforce (General Allocation)	--	--	(\$65M)
Financial Aid Assistance for FAFSA Delays	--	--	\$20M
Projected State Deficit	\$38B	\$45B	\$45B
Proposition 98 Guarantee	\$109.05B	\$109.13B	\$115B*

**Includes repayment of \$4 billion of the \$8 billion suspended in 2023-24.*

Proposition 98

Adopted by state voters in 1988, Proposition 98 sets in the State Constitution a series of complex formulas that establish the minimum funding level for K-12 education and community colleges from one year to the next. This target level is determined by (1) prior-year appropriations that count toward the guarantee, (2) workload changes as measured by the change in K-12 average daily attendance (ADA), and (3) inflation adjustments as measured by the change in either per capita personal income or per capita state General Fund revenues, whichever is less.

Several actions were taken in the 2024-25 Enacted Budget related to the Proposition 98 Guarantee as part of the package of State Deficit Solutions. First, a shift of \$6.2 billion of \$8.8 billion in overpayments to districts in 2022-23 to future years. The remaining \$2.6 billion of the overpayment for 2022-23 is treated as a deferral pushed ahead to 2023-24. In addition, Proposition 98 has been suspended for 2023-24, creating over \$8 billion of "maintenance factor" to be returned to districts in coming years. The 2024-25 Proposition 98 Guarantee is significantly higher than in 2023-24. Part of that increase is used to partially repay the suspension in 2023-24. The impact of these shifts, deferrals, and suspensions is to reduce the State's deficit by about \$16.8 billion.

Coast District Budget Development 2024-25 FY

Following the release of the Governor's January Budget Proposal and the May Revision, preliminary Budget Assumptions were developed and discussed with the District Consultation Council Budget Subcommittee, the Board of Trustees Audit and Budget Subcommittee, and the Board of Trustees at the Budget Study Session. Since that time, Budget Assumptions have been refined based on new information emerging in the budget development process, including the continued impact of the FSP. Those evolving assumptions are summarized in the following table:

FY 2024-25 Adopted Budget Assumption Chart

	July 2023 Enacted Budget	January 2024	May 2024	July 2024 Enacted Budget
Salary Increases				
Statutory COLA (COLA is NOT Proposed for all Categorical Programs)	8.22%	0.76%	1.07%	1.07%

Budget Allocation Model

The 2024-25 FY Adopted Budget Allocation Model follows the same long-standing allocation parameters that have been in place for years.

Revenue Estimates

The state apportionment process, which provides more than 85% of the District's unrestricted general fund operating revenues, is made up of three primary resources including state aid, local property taxes, and student fees. The SCFF reflects the calculation of the Districts' apportionment. These revenues are supported through taxes under Proposition 30, extended under Proposition 55, which increased Personal Income Tax through 2030. The State makes projections of these revenue elements which in turn provides a basis for system funding. Historically, if the estimates overstate available revenues, a deficit factor emerges as discussed above. An additional component was added to the community college apportionment process stemming from the Proposition 30 (Proposition 55) Education Protection Account.

The Basic Allocation for the District, the budget component under which districts receive funding for state-approved sites, continues to reflect one middle-size college, Orange Coast with FTES between 10,000 FTES and 20,000 FTES, and two small colleges, Coastline and Golden West, with FTES of less than 10,000 FTES. Declines in college FTES that result in a reduction of calculated basic allocation will not cause a reduction in basic allocation base revenue until the third year after the year of the FTES decline, and the basic allocation will not be reduced if the FTES is restored to or above the pre-decline base.

Funding Guarantees

There are three SCFF funding guarantees: hold harmless, stability adjustment, and the funding floor. The hold harmless will be replaced by the funding floor effective with 2025-26 FY. In each year, the District receives the greater of its actual current year SCFF calculation, the hold harmless or the funding floor, or the stability adjustment. Due to the dynamics of this three-way comparison, the District's actual increase in revenue may be less than the funded COLA.

- **Stability Adjustment**
 - The stabilization adjustment provides a one-year protection against declining enrollment and ensures the District will be paid a minimum of its prior year TCR as increased by funded COLA.
 - The District was funded by the stability adjustment in the 2023-24 FY due to the ECA that artificially increased the District's 2022-23 FY enrollment to the 2019-20 FY level.
- **Hold Harmless**
 - The Hold Harmless Guarantee ensures the District will be paid a minimum of its 2017-18 FY TCR as increased by funded COLA in each intervening year.
 - Hold harmless was provided to allow a transition to the SCFF without an immediate decline in funding and was initially slated to expire in 2020-21 FY but was extended through 2024-25 FY.
 - The District is projected to be funded by the Hold Harmless Guarantee in 2024-25.

- Funding Floor
 - The Funding Floor will replace the Hold Harmless in 2025-26 FY with two major differences:
 - It will be based on the **2024-25** FY TCR.
 - It will **not** be increased by the state-funded COLA
 - There is no expiration date for the funding floor.
 - It is not likely that the District can grow itself out of the funding floor considering that funded growth is limited to 0.5% annually. Instead, the accumulated annual COLA increases in SCFF funding rates will eventually cause the District to be paid above the funding floor and at the SCFF calculation.

As noted elsewhere, funded growth is limited to 0.5% annually and the District is unlikely to experience funded growth until it exits the funding guarantees.

Total Unrestricted Revenues

Total estimated unrestricted general fund revenues for 2024-25 are projected at \$282 million including \$19.3 million in dedicated revenues. In addition, \$1.7 million is projected to be withdrawn from reserves to cover projected deficit spending.

Grants and Categorical Funding

The District’s estimated Grants and Categorical Program funding across all federal, state, and local sources for the 2024-25 FY is projected to be \$124 million.

The number of state-determined categorical restricted programs has risen markedly in recent years. For the year beginning July 1, 2024, we estimate that the District will be managing more than 77 restricted programs.

Further, while we have collective bargaining agreements that represent employees regardless of funding source, as the table below indicates, not all funds receive a cost of living adjustment.

2024-25 Proposed COLA Chart

Categorical Funds Proposed to Receive COLA	COLA	No COLA
Adult Education Program - Main	✓	
Student Equity and Achievement Program		✓
Student Success Completion Grant		✓
Part-time Faculty Health Insurance		✓
Strong Workforce Program		✓
Extended Opportunity Programs and Services (EOPS)	✓	
Disabled Students Programs and Services (DSPS)	✓	

Categorical Funds Proposed to Receive COLA	COLA	No COLA
Full-time Faculty Hiring		✓
California College Promise (AB 19)		✓
CalWORKs Student Services	✓	
Mathematics, Engineering, Science Achievement (MESA)		✓
Cooperative Agencies Resources for Education (CARE)	✓	
Part-time Faculty Compensation		✓
Part-time Faculty Office Hours		✓
Veteran Resource Centers		✓
LGBTQ+ Student Support		✓
Umoja		✓
Asian Americans, Native Hawaiians, and Pacific Islanders (AANHPI) Student Achievement Program		✓

Expense Estimates

Appropriation changes reflect projections for expenditures in contract salaries including step and column increases, and a 1.07% COLA for represented and confidential employees netted against the difference between the cost of retiring employees and new replacements resulting in an estimated increase of \$1.8 million. Non-salary and benefit costs are projected to increase by the Consumer Price Index.

Supplemental Retirement Program (SRP) Debt Service

Funding the SRP required two forms of debt including an annuity purchased through the Public Agency Retirement System (PARS) to fund the percent of salary offering for members of the California Public Employee Retirement System (CalPERS) and the issuance of Other Post Employment Benefit (OPEB) bonds to fund the California State Teachers Retirement System (CalSTRS) two-year service credit option. These debt obligations will run for five years before being retired in 2024-2025. Annual debt service between the two programs equates to approximately \$1.9 million.

Health & Welfare

The health benefits year runs from October 1 through September 30 and as such lags the fiscal year. Renewal rates for the coming year have been made available and projects a 4.6% or approximately a \$1.9 million increase in the cost of delivering benefits.

Other Post-Employment Benefits (OPEB)

Historically, insufficient funds were set aside by governmental entities to fully fund contractual obligations for retiree health care. Beginning in the middle of the last decade, the District was among the founding members of the Community College League of California (CCLC) Joint Powers Authority for retiree health care funding; a GASB-qualified irrevocable trust. More recently, the District opted to divide assets between the CCLC JPA and the Keenan Futuris Benefit Trust. Consistent with the guidelines under the Governmental Accounting Standards Board (GASB) Statements 74 & 75, the District engages the services of an actuary to measure this liability every year.

The 2024 study measured this liability at approximately \$110 million on June 30, 2024. This reflects a decrease of approximately \$7.4 million from the 2023 study. While the term Annual Required Contribution (ARC) is no longer operative, we budget what is referred to as the Actuarially Determined Contribution (ADC) and the normal cost to meet healthcare obligations for retirees and current employees. That amount, budgeted on a three-year rolling average is \$8.9 million. The Fiduciary Net Position of this trust on June 30, 2024, was \$102.7 million, meaning the liability was approximately 93.3% funded. This leaves a Net OPEB Liability (NOL) of \$7.2 million.

Pension Costs

Employer contributions for CalPERS are expected to increase from 26.68% to 27.05% of payroll. No change to employer contributions from the CalSTRS employer rate of 19.1% starting July 1, 2024.

Based on these projections, the District will experience an increase across its pension programs of \$0.3 million. To help mitigate these obligations, the District joined the CCLC PARS Pension Stabilization Program.

Total Unrestricted Expense Estimate

The total unrestricted general fund estimated expenditures equate to \$283.7 million, including a beginning fund balance of \$68.1 million. The FSP is still being developed for 2024-25. The Adopted Budget will reflect the impact of the FSP.

Reserves/Fund Balance

Administrative Procedure (AP) 6305-Reserves was revised in alignment with the ECA requirements in 2022-23 FY. The ECA required, among other things, that the District have a Board-approved reserve requirement of a minimum of two months of operating expenditures, equivalent to 16.76%. The District's previous AP required an unappropriated reserve of ten percent of prior year unrestricted general fund expenditures consisting of a five percent Reserve for Contingencies, under Title 5, Section 58307, and a five percent Ancillary Reserve. This amount was increased to 16.76%, with half (8.35%) in Reserve for Contingencies and half (8.35%) in Ancillary Reserve.

The minimum reserve requirement for two months of operating expenditures also aligns with the guidance promulgated by the Government Finance Officers Association (GFOA). The CCCCCO has been using the two months of operating expenditures as a standard benchmark in its district budget evaluation for the past two years.

The prior year-end fund balance was approximately 24.94%. Our multi-year projections suggest that the District's reserves will meet the 16.76% required reserves for the next three years. However, deficit spending beginning in 2024-25 FY will cause the district's reserves to decline and it will fall just short of required reserves with a projected 2027-28 FY reserve of 14.90%. The District is continuing the development of a fiscal stabilization plan that will provide implementable solutions to preserve reserves.

Capital Outlay

The Golden West College Fine Arts project was funded in fiscal year 2023-24 and continues to progress through the design process with the State.

With the commencement of the Golden West College Fine Arts project, Proposition 51 will have provided Coast Community College District with approximately \$84 million to fund, in part, the Orange Coast College's Language and Social Science Building, Golden West College Language Arts Complex, OCC Chemistry, and the Fine Arts projects. With State Proposition 51 funds having nearly been exhausted, on July 3rd, the Legislature passed and the Governor signed AB 247 officially placing a State school bond on the ballot in November 2024. The bond authorizes \$10B for K-14 school facilities, including \$1.5B for community colleges.

In addition to the school bond, the State also passed SB 867, which also authorizes a \$10B climate bond to be included on the November 2024 ballot amongst other State-wide voter initiatives. With a rather crowded ballot, AB 440 was subsequently passed to stipulate the order in which the measures will be listed on the ballot. The School facility bond will be listed first amongst the multiple measures, with the number Proposition 2.

Scheduled Maintenance Program (Deferred Maintenance) and Instructional Support

The Scheduled Maintenance and Instructional Support Block Grant serves as a vital funding stream in addressing "small capital" needs (i.e., technology replacement, infrastructure repairs, end-of-life systems replacement, etc.). This program regularly receives annual appropriations and since 2013-14 has provided Coast with approximately \$37 million to fund critical infrastructure projects in that time. Fiscal year 2024-25 marks the second consecutive year in which the program is not proposed to receive funding.

Measure M

The District has expended approximately 93.5% of its project funds under the Measure M General Obligation bond. All major project work on Measure M is coming to a close. However, Measure M will continue to provide a meaningful transformation to our decades-old campus infrastructure through the Measure M Endowment fund.

Taking a portion of the Measure M bond proceeds, the District established a dedicated source of local funds for the express purpose of funding building system repairs/improvements as well as technology/refresh upgrades in future years. This endowment fund received \$60 million in deposits from Measure M and will provide a stable and ongoing source of capital replacement funds. With the lack of Scheduled Maintenance funding from the State, the Measure M endowment will provide the

District with \$5 million to fund some of the “small capital” project needs on campus in fiscal year 2024-25.

LOOKING AHEAD

The State continues to experience the impact of continued reduction in revenues and increasing budget deficits, resulting in the exhaustion of reserves and severe reductions to categorical programs signaling the potential for continued declines in future years. One does not have to look far to see the local effects of inflation and the hardship it creates for the students and employees of the District including higher housing, fuel, and commodity prices.

The transitory plan to ease out of Hold Harmless at the end of FY 2024-25 and enter into a permanent funding floor in 2024-25 will result in a “fiscal plateau”, that will leave the District with flat SCFF revenue projected at \$239.3 million in 2025-26, the same level as in 2024-25.

The District has made great strides in communicating budget information and challenges. Greater collaboration with constituency groups and improved sharing of transparent budget information continues to be a priority. The continued development of the FSP supports the identification and implementation of solutions that would result in adjustments in the Districts’ spending plan to align estimates of earned income with planned expenditures in a post-Hold-Harmless environment is ongoing.

CONCLUSION

As specified by 5 CCR § 58301, for purposes of developing and adopting the Adopted Budget, the governing board of each district shall hold a public hearing on the proposed budget in a district facility, or some other place conveniently accessible to the residents of the district, on or before the 15th day of September, but at least three days following availability of the Proposed Budget for public inspection, at which any resident in the district may appear and object to the proposed budget or any item in the budget.

Consistent with the requirements of 5 CCR § 58305, the Adopted Budget for the 2024-25 FY is scheduled for presentation and adoption on September 4, 2024, and the annual Financial and Budget Report (CCFS 311) will be sent to the CCCCCO on or before October 10, 2024.

This same regulatory framework requires districts to send copies of their budgets to the County Office of Education by September 30 and to the California Community Colleges Chancellor’s Office (CCCCO) on or before October 10. Lastly, districts must submit annual audited financial statements to the CCCCCO before December 31.

The Adopted Budget is presented to the Board for adoption.
