Students should check the financial aid web site regularly, as these procedures are reviewed and updated to remain compliant with federal and state requirements and to ensure that we are best supporting the success of our students.

These procedures are available on the District financial aid web site <https://www.cccd.edu/students/financial-aid/index.html> and are maintained by the College Financial Aid Offices.

SATISFACTORY ACADEMIC PROGRESS

This procedure explains the standards for measuring Satisfactory Academic Progress (SAP) in an academic program, including Direct Assessment Competency Based Education programs. Students must meet these requirements to remain eligible to receive financial aid.

VERIFICATION

It is the procedure of the District to comply with federal and state guidelines regarding verification.

LOSS OF ELIGIBILITY FOR CALIFORNIA COLLEGE PROMISE GRANT

A student shall become ineligible for a California College Promise Grant if the student is placed on academic or progress probation, or any combination thereof, for two consecutive semesters (fall or spring). Loss of eligibility shall become effective at the first registration opportunity after such determination is made.

The District shall notify students of their placement on academic or progress probation no later than thirty days following the end of the semester that resulted in the student's placement on probation. The notification must clearly state that two consecutive semesters of probation will lead to a loss of the California College Promise Grant until the student is no longer on probation. The notification must also advise students about the available student support services to assist them in maintaining eligibility.

The District shall prominently display, and disseminate information ensuring that students are advised about the student support services available to assist them in maintaining and reestablishing California College Promise Grant eligibility. Dissemination includes, but is not limited to, District financial aid web site, and information provided in College catalogs and class schedules.

The District has established a written procedure by which a student may appeal the loss of a California College Promise Grant due to extenuating circumstances, or when a student with a disability applied for, but did not receive, a reasonable accommodation in a timely manner. The procedure is posted on the District financial aid web site <https://www.cccd.edu/students/financial-aid/californiaprograms/californiacollegepromisegrant.html>. Extenuating circumstances are verified cases of accidents, illnesses, or other circumstances that might include documented changes in the student's economic situation or evidence that the student was unable to obtain essential student support services. Extenuating circumstances also include special consideration of the specific factors associated with veterans, CalWORKs, EOPS, and DSPS student status.

Foster Youth are not subject to loss of the California College Promise Grant due to placement on academic or progress probation. This exemption for Foster Youth is effective until the date specified in Education Code Section 66025.9(c).

Should one or more Colleges in the District offer a baccalaureate degree program, all potential students interested in the baccalaureate degree program who wish to apply for a California College Promise Grant will be required to complete and submit either a Free Application for Federal Student Aid or a California Dream Act application in lieu of completing the California College Promise Grant application.

Misrepresentation

Misrepresentation is defined as any false, erroneous, or misleading statement that the District, a representative of the District, or a service provider with which the District has contracted to provide educational programs, marketing, advertising, recruiting, or admissions services, makes directly or indirectly to a student, prospective student, a member of the public, an accrediting agency, a state agency, or the United States Department of Education.

A misleading statement includes any statement that has the likelihood or tendency to deceive or confuse. If a person to whom the misrepresentation was made could reasonably be expected to rely, or has reasonably relied, on the misrepresentation, the misrepresentation would be substantial.

This Procedure does not apply to statements by students through social media outlets or by vendors that are not providing covered services, as reflected herein.
