SEARCH AND SELECTION OF THE

COAST COMMUNITY COLLEGE DISTRICT

EXECUTIVE MANAGEMENT EMPLOYEES Effective 11/19/07

- Chancellor -
 - Vice Chancellors -
 - College Presidents -

POLICY

This Policy is intended to comply fully and be interpreted in a manner consistent with all applicable state and federal laws and regulations, including but not limited to the Board of Governor's equal employment opportunity regulations. Further, this Policy is intended to respect all applicants who apply for a position in the Coast Community College District (CCCD), as well as the students, community members, and employees who serve on the Search and Selection Committees. The need for senior administrators hiring and staffing recommendations within the Coast Community College District is the responsibility of the District Chancellor. The CCCD culture requires that there be a process of determination of position need and ultimately a recommendation to the Board of Trustees with consultation between the Chancellor and the Board of Trustees.

The purpose of this policy is to provide a framework and hiring standard for the selection of the best people to join the Coast District family of employees, so that ultimately our students and community will be served in an exemplary way.

The Search Committee, after constituted, will prepare a job description in consultation with the Vice Chancellor of Human Resources, set minimum qualifications based on state law, and list desirable qualifications. Prior senior executive job descriptions and announcements will be made available to the Search Committee. All members of the Search Committee, before actual paper screening, will undergo training by the Human Resources Department and will receive a copy of the District's hiring policies.

SUBJECT:

CCCT BOARD ELECTION — 2009

The election of members of the CCCT board of the League will take place between March 10 and April 25. There are seven vacancies on the board. In accordance with the CCCT Board Governing Policies as amended and adopted by the board in June 2008, the terms are now three-year terms.

Each member community college district board of the League shall have one vote for each of the seven vacancies on the CCCT board. Only one vote may be cast for any nominee or write-in candidate. The seven candidates who receive the most votes will serve three-year terms. In the event of a tie vote for the last position to be filled the CCCT board will vote to break the tie.

The 15 trustees who have been nominated for election to the board are listed on the enclosed sheet in the Secretary of State's random drawing order. An official ballot for the election is also enclosed in this mailing to each community college district chancellor/superintendent as well as copies of the biographic sketch form and statement of candidacy of each of the 15 candidates.

Please remember that: 1) ballots must be signed by the board secretary and board president or vice-president; and 2) ballot return envelopes must have no identifying information or signatures. Official ballots must be signed and returned to the League office, postmarked no later than April 25. Faxed ballots will not be accepted. The ballots will be opened and counted by three tellers appointed by the CCCT President and the results announced at the CCCT Annual Conference.

If you have any questions on the CCCT board election, please call the League office.

What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? (50 words or less; any portion of the statement beyond this limit will not be included.)

The League must continue to be a strong voice for CCs and advocate vigorously for the resources needed to educate a world-class workforce and revitalize the state's economy. Top priorities include financial stability, tax and Prop 98 guarantees, low fees, increased aid and a fair share of stimulus dollars.

What do you feel you can contribute in these areas? (50 words or less; any portion of the statement beyond this limit will not be included.)

As a leader in CC politics and seasoned elected trustee, I feel I know the issues, players and processes that ensure trustees a powerful voice in CC decision making. Currently I work with a team of veteran CC presidents and officers as consultants on governance, strategic planning and board relations.

What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? (50 words or less; any portion of the statement beyond this limit will not be included.)

The major issue is to continue to offer quality education during a financial crisis. Equal treatment when it comes to the backfill of property taxes is vital for recovery. We also need to be the source of workshop training, as we are the safety net for the state unemployment.

What do you feel you can contribute in these areas? (50 words or less; any portion of the statement beyond this limit will not be included.)

I continually look at all sides of an issue to ensure that the decisionissine best for the majority. I advocated for quality education throughout my teaching career and continue as a trustee. Students have always been my focus and the future of California is in their success.

What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? (50 words or less; any portion of the statement beyond this limit will not be included.)

We must continue to advocate for community college funding for growth as thousands seek workforce training as our state and nation face an economic crisis. Our advocacy must extend beyond Sacramento to Washington, D.C. to seek resources for budget stabilization, infrastructure capital, and community based job training.

What do you feel you can contribute in these areas? (50 words or less; any portion of the statement beyond this limit will not be included.)

As an experienced and active member in political processes, I can influence the legislative processes, in California and Washington, D.C. Additionally, my service on the League's Retiree Health Benefit Program demonstrates I have the abilities and willingness to engage in solving challenging issues facing California Community Colleges, present and future.

What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? (50 words or less; any portion of the statement beyond this limit will not be included.)

The issues we must address are:

- 1. Access because of dramatically increasing enrollments and budget constraints;
- 2. Student Success because under-prepared students are not reaching their goals;
- 3. Accreditation because of a general failure to address Student Learning Outcomes;
- and, 4. Leadership because experienced community college leaders are retiring.

What do you feel you can contribute in these areas? (50 words or less; any portion of the statement beyond this limit will not be included.)

I am a problem solver. I have brought together diverse groups to prepare a strategic plan for a major city, crafted and implemented a successful and inclusive presidential search process, and worked with California Community College Chancellors and Presidents to train new leaders while serving on the CCLDI Board of Directors.

CANDIDATEDINE	THE REST FIRST FIRST CASE TO A STREET			

What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? (50 words or less; any portion of the statement beyond this limit will not be included.)

The ongoing economic crisis coupled with our aging facilities, an increase-in student demand, unfunded liabilities, potential course reductions and looming budget reductions require our undivided attention. We are expected to do more with less. The League must continue to be our lead advocate for our colleges in Sacramento.

What do you feel you can contribute in these areas? (50 words or less; any portion of the statement beyond this limit will not be included.)

I'm a proud graduate of the community college system. My experience as a trustee, since 1999, has molded me into a strong advocate for our community college system. Our colleges must continue to prepare our students for the 21st century. I will continue this cause on the CCCT board.

CCCT BOARD STATEMENT OF CANDIDACY

Must be returned to the League Office postmarked no later than February 15, along with the nominating ballot and biographic sketch form. Faxed material will not be accepted.

CANDIDATE'S NAME:_	Jacqueline Simon	_ DATE:	February 11, 2009
			LA COMPANY OF

What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? (50 words or less; any portion of the statement beyond this limit will not be included.)

- 1. Maintain and expand accessibility and affordability for all Californians and develop one or more strategies to secure adequate funding for the CCC during California's budget fiscal crisis.
- 2. More solutions for affordable textbooks in alternate formats and remove barriers that hinder anyone being able to transfer to CSUs and UCs.

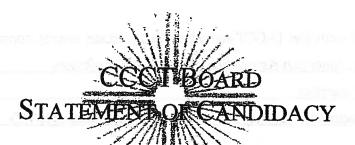

What do you feel you can contribute in these areas? (50 words or less; any portion of the statement beyond this limit will not be included.)

I have 20+ years teaching California's future leaders. This experience has afforded me the opportunity to see the diversity of quality education at several CCCs. I want to use this knowledge as a catalyst for new ideas for historical problems that keep CCCs from leading California into a new future.

What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? (50 words or less; any portion of the statement beyond this limit will not be included.)

Major issues

CCCT and the League should continue the efforts with the legislature toward an independent funding calculation not based on K-12 enrollment. We must actively promote the institutionalization of Basic Skills as a foundation for student success at all colleges. Local governance must be safeguarded.

What do you feel you can contribute in these areas? (50 words or less; any portion of the statement beyond this limit will not be included.)

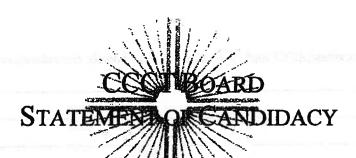

Contributions

I can work independently or in a group to get "the message" out to legislators and the community. Community support through the voting process will be the key to qualifying and passing the funding initiative.

What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? (50 words or less; any portion of the statement beyond this limit will not be included.)

1. Successfully accommodating the increasing number of ill-prepared students entering college. Community Colleges are responsible, through education and vocational training, to prepare these students to contribute to society.

2. Diversification of our faculty, staff, and students. Diversity enriches the educational experience and makes all students feel welcome.

What do you feel you can contribute in these areas? (50 words or less; any portion of the statement beyond this limit will not be included.)

Student: success must remain our highest priority. Budget crises can jeopardize great programs. It is better to fully fund good programs and cut programs that are not contributing. I have managed organizations with huge budgets - during budget crises - in the Air Force and Aerospace industry, and always accomplished the mission.

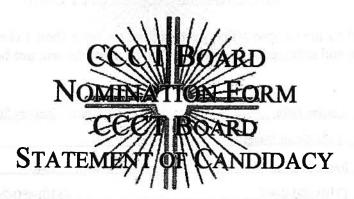

Must be returned to the League office postmarked no later than February 15, along with the nominating ballot and statement of candidacy. Faxed material will not be accepted.

What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? (50 words or less; any portion of the statement beyond this limit will not be included.)

Funding is the #1 issue. CCCT must be a strong, united voice for adequate funding during this time of growth and increased demand for services. CCCT needs to provide assistance and leadership to help community colleges remain resolute and able to fulfill their core commitment to serve students well.

What do you feel you can contribute in these areas? (50 words or less; any portion of the statement beyond this limit will not be included.)

I am a focused, articulate, pragmatic, friendly, and effective advocate. I enjoy working with colleagues. I have good personal relationships with state political leaders in PTA, CTA, LWV and the Legislature. Perhaps most importantly I will bring with me the experience and expertise of my Santa Monica College colleagues.
