This Memorandum of Understanding is between the Coast Community College District ("District") and the Coast Federation of Classified Employees ("CFCE") also referred to individually as "Party" and collectively as "Parties".

The Parties agree that the District has complied with the Agreement between the Coast Community College District and the Coast Federation of Classified Employees in its reorganization of the District Information Technology Department (DIT). The District has agreed to enter into negotiations with CFCE to bargain the effects of the re-organization.

In recognition of the service of the DIT employees, some of whom have served the District for many years, the District agrees to the following:

Retroactive to July 1, 2013, DIT employees who are not at step five of their classification shall receive their individual steps, due on an annual basis, until they reach step five of the pay range on which they were Y-rated.

Any DIT employee who is Y-rated as a result of the District's July 1, 2013 DIT reorganization shall receive any COLA increase that is negotiated to apply to the Classified Unit for the 2013-2014 fiscal year. Any negotiated COLA increase during the 2013-2014 fiscal year will be applied to the DIT employees' Y-rated salary placement consistent with other bargaining unit employees. Any future COLA increases for bargaining unit employees will not be applied to DIT Y-rated staff unless agreed upon through the negotiations process.

With regards to the transition of IT staff to the roles and responsibilities of their new classifications, the District agrees to the following:

- A one on one meeting will occur on or before September 30, 2013 between each DIT employee and his/her respective manager to discuss their new job descriptions, expectations and training opportunities, including individual learning to support the employee in his/her performance.

- During the transition and as new assignments are made, each DIT employee will meet with his/her manager to determine immediate approaches to the tasks until the employee has fulfilled the training requirements established by the manager.
- If the manager determines that additional training is required, the manager will develop an appropriate professional development plan and timeline for the employee to attain the standards. A copy will be provided to the employee.
- It will be the responsibility of the employee to periodically report to the manager regarding his/her progress on their professional development plan and obtain feedback from the manager.
- At the conclusion of training, the manager and employee will discuss the training outcomes.

In consideration for these concessions by the District, the CFCE agrees to the following modifications of the Agreement:

Article 13.6B4d.
