On a motion by Trustee Patterson, seconded by Trustee Moreno, the Board voted, contingent upon financial closing of the Student Housing Project, to approve the non-standard Well-Relocation Agreement with the Orange County Water District and authorized the Chancellor to sign any related documents.

In May 2002, the Coast Community College District conveyed a permanent easement to the Orange County Water District (OCWD) for the construction, operation and perpetual access to a ground water monitoring well located on the Orange Coast College campus (OCWD-M43). OCWD-M43 was regularly utilized by the Orange County Water District for testing and monitoring of groundwater quality. The footprint of the proposed Student Housing Project conflicted with the current monitoring well and required OCWD-M43 to be relocated.

The Well Relocation Agreement sought to terminate the 2002 easement, allowing the existing monitoring well to be sealed, and construction of the Student Housing Project to begin. Furthermore, the agreement stipulated that the District would work with OCWD to identify a location and convey a new permanent easement for a replacement monitoring well on or before December 31, 2018. A separate action would be recommended to the Board at a later date.

Under the agreement, the District agreed to reimburse the OCWD for the construction of a new well. The cost of this effort would be financed as part of the OCC Student Housing project.
