22.02 DIS – Amendment No. 1 to the Non-Standard Agreement with WTC Consulting, Inc.

On a motion by Trustee Hornbuckle, seconded by Trustee Moreno, the Board voted to approve Amendment #1 to the Non-Standard Agreement with WTC Consulting, Inc.

On November 15, 2017, the Board approved WTC Consulting, Inc. to assess and establish the Technology Condition Index (TCI) of our District. Phase I of the project provided Coast with data for the calculation of the Total Cost of Ownership (TCO) for future technology planning and purchases. With the completion of their Phase I, WTC created an index and provided the District with:

- The complete inventory of primary and application specific network elements in use at all District sites.
- The foundational data needed to prioritize device replacement based on usage, role and condition of the devices.

On April 18, 2018, the Board approved Coast to re-engage with WTC to complete the Technology and Facility Sustainability Planning Project for the District that would include Phases II and III. The outcomes included:

- Alignment of Coast Strategic Technology Plan with Procurement and Funding – The plan would roadmap the process to support the acquisition, implementation and sustainment of the tools needed to support instruction and the overall business of the District on a long-term basis.
- A unified TCO Model for Technology and Facilities – The model would focus on the phasing of costs for major systems and infrastructure, encompassing the appropriate lifecycle of the assets. This coupled with existing TCI and Facilities Master Plan would provide a holistic planning process for Coast. A budgetary timing-of-funds model reflecting these planned expenditures would provide the pathway for sustainability of critical technical systems in the District.

At this time, there was a need to amend our current agreement with WTC to increase the contract amount by \$30,000 and extend the end date of the engagement from October 12, 2018 to March 15, 2019. Over the course of their work, WTC encountered some difficulty obtaining vital cost information needed to complete Phases II and III. This Amendment covered the additional time and effort needed to complete their work on the Technology Infrastructure Plan and Roadmap engagement.

Term: June 8, 2018 – March 15, 2019

Fiscal Impact: Increase of \$30,000 to the original contract amount of \$220,000. New contract total not to exceed \$250,000 to be paid for using Capital Outlay Funds.

The Coast Community College District sought to lower overall costs of banking services for the District, campuses, Foundations, Enterprise, and student groups that require banking services. The District sought qualified financial institutions interested in providing a complete program for the District's banking needs. This program included banking and related depository services, as well as cash management services. The selected financial institution had clearly demonstrated their relevant experience and expertise as it relates to State of California public sector banking laws and regulations and would provide comprehensive banking services for the District and its campuses.

Notices were published in the Daily Pilot on May 25, 2018 and June 1, 2018. Additionally, 146 vendors were notified via the PlanetBids portal. Twenty-three bidders reviewed the proposal requirements, and four proposals were received and opened on July 30, 2018. The District Purchasing office established a selection committee consisting of the Executive Director District Fiscal Affairs, District Controller, and the Fiscal Director of each campus, to review and evaluate all respondents. Respondents were evaluated and scored based on (1) proper submission of proposal, (2) comprehensiveness of services to be provided, (3) public sector experience and resources, (4) assigned relationship manager or team, (5) overall cost to District, (6) service enhancements, and (7) local business participation.

The four firms were invited to participate in the interview phase. Interviews were held on September 6, 2018 at which time the committee, after extensive deliberations, recommended East West Bank, for selection for this project. The interviewees were:
