The Board of Trustees establishes college bookstores within the District for the benefit of students of its colleges.

The core purpose of the bookstores within the District is to offer textbooks and other instructional materials to the students of the colleges for low prices and in a timely manner. College bookstores shall also provide a means for the students to sell textbooks through buy back. College bookstores shall also serve the needs of the faculty, ensuring that the course textbooks and materials they choose for their courses are available to students.

The bookstores at the colleges shall comply with the requirements of the Reader Privacy Act.
