

BOARD GOALS
2022-23
Adopted 2/2/2022

- Goal #1:** The Board shall make student success and completion its highest priority, focusing on diversity, equity, inclusion, and accessibility.
- Goal #2:** The Board will support public health policy and measures relative to the COVID pandemic, including vaccines and masks, and support a safe environment for work and study, following CDC and local county health regulations.
- Goal #3:** The Board will maintain proactive and positive communications with District employees.
- Goal #4:** The Board will focus on enrollments, retention, student-centered budgeting, and operational efficiencies in order to balance the number of faculty and staff with enrollment.
- Goal #5:** The Board will continue to support and closely review expenditures and audits, including those on bond-funded facilities and technology.
- Goal #6:** The Board will continue to support effective and appropriate human resource and legal practices for the benefit of the District.
- Goal #7:** The Board will support measures to address student food and housing insecurity through services on and off campus.
- Goal #8:** The Board is encouraged to maintain strong connections in the broader District service area in order to enhance support for the District mission.
