Program Review Report: Student Learning Outcomes Section  
Course Student Learning Outcomes Assessment Data downloaded from Nuventive TracDat on 07/06/2023  
"Historical" cSLO # denotes cSLOs that were active during the term they were assessed but have since been retired and replaced.

Course Name	cSLO #	cSLO	Semester Assessed	Assessment Success Rate	Step 4 - Data Analysis	Step 5 - Action Plans
ACCT G100	cSLO 2	Complete the accounting cycle for a business entity, with understanding of all steps and elements of the accounting cycle that set a foundation for further study in accounting.	Spring 2020	86%	86.5% of the students successfully completed the exam with a grade of 70% or more. Five students did not successfully complete this exam. The assessment used was the final exam. This exam is a comprehensive exam assessing the entire accounting cycle for a business entity. Students that successfully completed this exam also successfully complete and passed the course. Those that did not succeed also failed to pass the course. The students that did not pass lost engagement after campus closure due to COVID-19. Flexibility was given to all students, which included extending deadlines for all assignments until the end of the	For future cohorts within this online class, additional videos will be recorded to review homework problems step-by-step with the goal to increase the opportunities for learning. Homework solutions are released withing the Connect platform; however, going over the solutions for each homework assignment can potentially retain students. Office hours will continue to be offered in alternative modalities. Will explore activities and/or incentives to connect with students one-on-one via alternative modalities. The goal is to create an environment of trust for students to approach instructor and ask for
