### Program Review Report: Student Learning Outcomes Section

Course Student Learning Outcomes Assessment Data downloaded from Nuventive TracDat on 07/06/2023

"Historical" cSLO # denotes cSLOs that were active during the term they were assessed but have since been retired and replaced.

Course Name	cSLO #	cSLO	Semester Assessed	Assessment Success Rate	Step 4 - Data Analysis	Step 5 - Action Plans
ENGL G090	cSLO 1	Read critically to determine the writer's purpose, point of view, organizational structures, and manner of presentation.	Fall 2018	84%	Out of 174 students assessed 146, or 83.9% were deemed competent or better. That percentage is very satisfactory to the Department, as it indicates that instructors are emphasizing critical reading skills more than even a year ago. I believe this is partly the result of several full and part-time faculty attending California Acceleration Project conferences and bringing back fresh techniques for engaging students in reading.	English 090 is being retired after this semester as a result of AB-705.
ENGL G095	cSLO 3	Employ a variety of writing strategies (exemplification, definition,	Fall 2019	83%	What do you think was helpful in supporting the students who succeeded on this SLO: Explanation of various types of	As a result of this assessment, where many students were indeed successful, we will continue to offer the corequisite type of model class where we have time to cover basic
