

Cheating of any kind is unacceptable in this class. This includes submitting any work that is not your own original writing, plagiarizing from another source, copying material from the internet, using a translator to convert another language into English, or AI generated text. Any student suspected of academic dishonesty will be reported to the College Disciplinary Officer as outlined below in the GWC Academic Honesty Policy. I use AI detecting software to ensure the originality and integrity of work submitted in this course.

Keisha Cosand

English Professor
