

5. A student may request academic renewal a maximum of two times district-wide during enrollment at the colleges in the District.

All course work will remain legible on the student's permanent record (transcript), ensuring a true and complete academic history. However, students' permanent records will be annotated so that it is readily evident to all users of the records that the units are to be disregarded. This notation will be made at the time that the academic renewal has been approved by the appropriate college office.

If another accredited college has acted to remove previous course work from consideration in computing the GPA, such action shall be honored in terms of its procedure. However, such units disregarded shall be deducted from the 30 semester units maximum of course work eligible to be disregarded at a college in the District.

Interpretation of the academic renewal procedure is the responsibility of the appropriate college official who may, for compelling reasons, make exceptions to the stated conditions provided the requirements of Title 5 Section 55044 are observed. All receiving schools may not accept the District's academic renewal Policy and Procedure.

The Admissions and Records and Counseling departments at the colleges in the District are responsible for implementing this procedure.

Academic Freedom Board Policy 4030

BP 4030 (https://documents.cccd.edu/Board%20of%20Trustees/Board%20Policies/BP_4030_Academic_Freedom.pdf)

Title 5, Section 51023

Accreditation Standard II.A.7

Agreement between the Coast Federation of Educators American Federation of Teachers Local 1911 and Coast Community College District August 11, 2011-June, 2012

Recognizing that free search for truth and the expression of diverse opinions are essential to a democratic society, both the District and the Federation will affirm the principles of academic freedom, with the understanding that

1. Academic Freedom is essentially the right of faculty to express or discuss in their classrooms and throughout the District challenging ideas and topics related to courses they teach and their own academic, professional expertise. The primary responsibility is to achieve the objectives of the course outline of record. This does not preclude Faculty Members from using their professional judgment in discussing other topics with their students when aimed at enhancing student learning. The expression of this right is guided by a deep conviction of the worth and dignity of students and the advancement of their knowledge.
2. Academic Freedom includes the right of faculty to create and to use instructional materials that may be thought-provoking or controversial and are relevant to the courses they teach to enhance student learning. These rights notwithstanding, Academic Freedom is to be practiced within the parameters of commonly recognized standards of teaching, professional conduct, and applicable policies and laws.
3. Faculty Members recognize the special responsibilities placed upon them. These responsibilities include the obligation to exercise critical self-discipline and sound judgment in using, extending, and transmitting knowledge. In the conduct of their

teaching and professional lives, faculty members demonstrate intellectual honesty and devotion to continual improvement of scholarly competence.

With the shared understanding of the rights and responsibilities, Academic Freedom will be promoted and protected.

A Faculty Member's exercising of their right of academic freedom as delineated below shall not be subject to any adverse action affecting the Faculty Member's employment status with the District:

1. For the development and publication of instructional materials, as well as the interpretation of course content and adoption of innovative instructional methods compatible with the course outline of record and standards accepted within the academic community;
2. For exercising freedom to examine or endorse unpopular or controversial ideas within their fields of professional expertise as appropriate to course content, discussions with students, or academic research or publication. In so doing, the Faculty Member shall attempt to be accurate, fair, objective, and show respect for diverse opinions;
3. For using or recommending, within the parameters of (a) above, instructional materials which may challenge prevailing social attitudes, or contain unpopular or controversial ideas;
4. For presenting all points of view in teaching and discussing controversial ideas or content in their courses and for including library materials of broad and diverse interest, information and enlightenment without prejudice in regards to the race/ethnicity, gender, sexual orientation, nationality, social, political or religious views of the authors;
5. For expressing in an appropriate forum the Faculty Member's viewpoint on matters of College and District policy.
6. In collegial life, for example, for participation in the governance of their colleges, and engaging in the collegial expression of opinions in their department, college, and/or District meetings.

Political activities on college campuses shall be governed by District policies and procedures which shall be in accordance with the requirements of applicable Federal and State law.

The District shall respect the Faculty Member's right in public life to exercise freedom of speech, freedom of association, freedom of union activity, and freedom to express expert opinions in a public forum provided it is clear that the Faculty Member is not speaking or acting on behalf of the District.

Adopted February 5, 2003

Renumbered from CCCD Policy 030-3-1.5, Fall 2010

Revised January 15, 2014

Credit for Prior Learning

Golden West College awards credit for prior learning in accordance with Board Policy 4235 (https://documents.cccd.edu/Board%20of%20Trustees/Board%20Policies/BP_4235_Credit_for_Prior_Learning.pdf) and Administrative Procedure 4235 (https://documents.cccd.edu/Board%20of%20Trustees/Administrative%20Procedures/AP_4235_Credit_for_Prior_Learning.pdf) Credit for Prior Learning and may be obtained by the following methods:

- Achievement of a score of 3 or higher on an Advanced Placement Examination administered by the College Entrance Examination Board.
- Achievement of a score that qualifies for credit for prior learning through the College Level Examination Program.
- Credit by satisfactory completion of an examination administered by a College in the District in lieu of completion of a course listed in the College catalog in accordance with Title 5, Section 55050(c).
- Achievement of a satisfactory score on a high-level International Baccalaureate (IB) examination.
- Achievement of an examination administered by other agencies approved by the College.
- Evaluation of industry-recognized credential documentation.
- Evaluation of student-created portfolios.
- Assessment approved or conducted by proper authorities by the College.
- Evaluation of Joint Service Transcripts ("JST") or other verifiable training records.

Credit may be awarded for prior experience or prior learning only for individually identified courses with subject matter similar to that of the individual's prior learning. Award of credit may be made to electives for students who do not require additional general education or program credits to meet their goals.

To be eligible for credit for prior learning:

- The student must be currently enrolled at a College in the District.
- The student must be in good standing and must meet specified eligibility requirements as defined by each College in the District.
- The student must have at least an abbreviated student educational plan on file.
- The course is listed in the College catalog.

Credits acquired by assessment of prior learning are not applicable to the determination of a student's enrollment status of full-time or part-time.

Credits acquired by assessment of prior learning shall not be counted in determining the 12 unit residency requirement for an associate degree.

Credits acquired by assessment of prior learning are not applicable to meeting of such unit load requirements as Selective Service deferment, or Veteran's or Social Security benefits.

A student, upon completion of their educational plan pursuant to California Education Code Section 78212, shall be referred to the College's appropriate authority for assessment of prior learning if the student is a veteran or an active-duty member of the armed forces, holds industry-recognized credentials, or requests credit for a course based on their prior learning.

The following apply to credit for prior learning:

- The student's academic record will clearly indicate that the credit was earned by credit for prior learning.
- Each College in the District will determine the number of units earned by credit for prior learning that may be applied to the associate degree.

- Grading of a College approved assessment shall be according to the regular grading system used by the District. Students shall be offered a "pass - no pass" option if that option is ordinarily available for the course. In cases where the College has not received sufficient evidence to issue a letter grade, a grade of "pass - no pass" will be awarded if that option is ordinarily available for the course. Students shall be given the opportunity to accept, decline, or appeal the grade assigned by the faculty, and in cases of credit by examination, pursuant to AP 4230 Grading and Academic Record Symbols.
- A grade of "pass - no pass" will be given for credit awarded for Advanced Placement Examination (AP), College Level Examination Program (CLEP), and International Baccalaureate (IB) examination.
- Upon a student's demonstration of sufficient mastery through an examination or assessment, an award of credit should be made, if possible, to California Intersegmental General Education Transfer Curriculum, California State University General Education Breadth, and the College's general education requirements or requirements for a student's chosen program of study.

Students taking a College administered examination shall pay the per unit enrollment fees applicable at the time of the examination.

Awarding of Credit, Alternate Methods

Golden West College recognizes experiences outside of the traditional classroom setting. **A maximum of 30 units** may be granted in total for Credit for Prior Learning from one or more of the following: CLEP, industry certification and training, military training, student-created portfolios, or other experiential learning. Credit is determined by faculty in the districtwide discipline. AP and IB exams are excluded from the unit limit. A maximum of 50% of the major coursework – either units or number of courses - for any certificate or associate degree pattern may be awarded for credit for prior learning. Awarded credit is not transferable to other colleges and universities; it is subject to the individual policies of the respective institutions. Please check with a counselor about your awarded credit. Additional college credit is awarded for prior learning as further described below:

Credit by Examination

Credit by Examination may be offered on a limited basis at the discretion of the respective instructional division. Students who are currently enrolled in at least one course (other than the course to be challenged) and in good academic standing are eligible to seek "credit by examination." Students may inquire in the respective division office regarding eligible courses. If approval is granted, a Petition for Credit By Examination should be completed and submitted to the instructor and division office. A grade of **will** be awarded based on the grading method for the course, and the course will be identified as a "Credit by Examination" on the transcript. Once the petition is approved by the dean and the instructor, the student will need to file the petition with Admissions and Records, make payment no later than the third week of the semester, and meet with the instructor to take the examination. Exam grades are final and will be posted to the transcript. Failure to successfully complete the examination will result in an unsatisfactory grade. Students should not enroll in the course to be taken as Credit by Examination. The course credit is clearly identified on the student's transcript and designated as "Credit by Examination." Since Credit by

Examination may not transfer to other institutions, students are strongly encouraged to make an appointment with a counselor. Transferability of Credit by Examination is subject to review and approval by other colleges and universities. Units earned by examination are excluded from enrollment verifications, Financial Aid eligibility, and the college's residency requirements for associate degrees."

Licensure Credit

Vocational Nurses: Twenty units may be awarded for holders of valid California Vocational Nursing Licenses. Credits are posted to transcripts upon completion of all other graduation requirements. Students must provide a copy of their current California license upon application to the program in order to be eligible for this credit.

Other Licensure Credit: Other licenses issued by the State of California or other entities will be considered upon petition as appropriate.

Military Service Credit

Golden West College reserves the right to evaluate and grant credit based on the academic policies established at GWC. The college recognizes and grants academic credit to veterans who have completed a minimum of one year of active honorable service in the armed forces unless it has been awarded by another school. This credit includes three (3) units for AA Degree Area E-Self Development on the GWC General Education pattern, or Area E-Self Development on the California State University General Education pattern (CSU GE Breadth). Three (3) additional units of elective credit are awarded toward the GWC AA Degree to equal a total of six (6) units.

Advanced Placement (AP)

Students may earn credit for the College Entrance Examination Board (CEEB) Advanced Placement (AP) Tests with scores of 3, 4, or 5. AP credit can be used to meet IGETC, CSU GE, and AA general education (GE) and/or major requirements. [Local/Non-transfer Degree Exceptions to the minimum AP score are the PHYS G120 Algebra Based Physics: Mechanics and PHYS G125 Algebra Based Physics: Electricity/Magnetism courses (AP Physics 1 and 2) which require a score of 5 for GWC unit and subject credit. Also, students who score 5 in Calculus BC can earn 10 units and subject credit for MATH G180 Calculus 1 and MATH G185 Calculus 2].

Students must have the College Board (<https://clep.collegeboard.org/>) send AP exam results to Admissions and Records (hand carried copies will not be accepted) for use on the A.A. or GE patterns. Course credit and units granted at Golden West College may differ from course credit and units granted by a transfer institution. See a GWC counselor for more information.

The AP Chart is based on the most current information available. Although every attempt has been made to ensure the accuracy of the information provided, make sure to use the links at the end of the section for the original documents.

Art

AP Examination	GWC Subject Credit	GWC AA/AS Local GE Area	CSU GE Area & Units for Certification	CSU Semester Transfer Units	IGETC Area & Units for Certification	UC Semester Transfer Units
2D Art and Design	ART G107 (3)	C	N/A	3	N/A	8 quart./5.3 sem. ⁷
3D Art and Design	ART G109 (3)	C	N/A	3	N/A	8 quart./5.3 sem. ⁷
Art History	ART G105 (3) + ART G106 (3)	C	C1 or C2 (3)	6	3A or 3B (3)	8 quart./5.3 sem.
Drawing	N/A	N/A	N/A	3	N/A	8 quart./5.3 sem. ⁷
Music Theory	MUS G115 (3)	C	C1 (3) (before F09)	6 (before F09)	N/A	8 quart./5.3 sem.

⁷ UC: AP Studio Art Exam Limitations: Maximum 8 quart./5.3 sem. units for all three

Veterans will be awarded credit based on a review of their DD-214 #4.

Technical Advanced Placement (TAP) Articulation

The TAP Program offers high school/ROP students an opportunity to transition from secondary education to community college in a seamless process. Many Career and Technical Education (CTE) courses taken during high school, offered by the high school or ROP, may be eligible for course articulation. If a course is articulated, there is an agreement between the high school/ROP and community college stating that the student will receive credit for the course if they meet the requirements specified below. This opportunity allows students to avoid repeating articulated CTE courses that are already complete.

Requirements for Earning TAP Credit

1. Complete an articulated High School or ROP CTE class with a grade of "B" or better.
2. Bring the official High School/ROP transcript to a GWC counselor who will sign the TAP petition form (obtained from the counselor).
3. Submit completed forms to Admissions and Records:
 - a. TAP (Technical Advanced Placement) Petition for credit, signed by the counselor
 - b. Official High School/ROP transcript
 - c. Department Portfolio Approval (if required)
4. If all requirements are met, college credit will be granted in lieu of applicable CTE courses on the student's GWC transcript at the end of the semester in which the student submits the completed form.

Notes

Many Colleges or Universities may apply AP credit toward satisfaction of subject or specific requirements (e.g., major). AP policies vary by institution. See the transfer institution's application of AP major preparation credit. See individual UC (<https://admission.universityofcalifornia.edu/admission-requirements/ap-exam-credits/ap-credits/>) and CSU campuses for AP major preparation credit. See a counselor to discuss how AP is applied.

AA: Students should be aware that AP test credit is evaluated by corresponding it to an equivalent GWC course, e.g. HIST G170 History Of The United States To 1876. A student who receives AP credit and then takes the equivalent GWC course will have the unit credit for such duplication deducted prior to being awarded the A.A. degree. Credit by Advanced Placement exam is noted and listed first on a student's transcript, with units assigned and no grade.

Course credit and units granted to the local AA may differ from course credit and units granted by a transfer institution. See Counselor.

AP Credit: See the transfer institution's application of AP major preparation credit. See individual UC (<https://admission.universityofcalifornia.edu/admission-requirements/ap-exam-credits/ap-credits/>) and CSU campuses for AP major preparation credit.

CSU GE: The Advanced Placement examinations may be incorporated into the certification of CSU General Education-Breadth requirements by any certifying institution. All CSU campuses will accept the minimum units shown and apply them toward fulfillment of the designated General Education-Breadth area if the examination is included as part of a full or subject-area certification. Please note that individual CSU campuses may choose to grant more units than those specified toward completion of General Education-Breadth requirements.

IGETC: AP exams may be used in area indicated regardless of where the certifying CCC's discipline is located.

The AP Chart is based on the most current information available. Although every attempt has been made to ensure the accuracy of the information provided, make sure to use the links below for the original documents.
